Wallace Shouted Down in Speech

Presidential Campaigner Meets Violent Opposition

DURHAM, N.C., Aug. 30.—(AP)—Henry A. Wallace's presidential campaign in the southern United States met with violent opposition here last night as he proposed a \$4,000,000 federal aid program for the south.

Agas were hurled into his audience, some members of which stopped his oratory with noisy firecrackers exploded in the meeting hall of the North Carolina Progressive Party Convention, bringing several hundred persons to their feet.

PLEADS WITH CROWD
Wallace, previously hailed several times by boos and catcalls as he tried to get across his message, stopped completely for a time and pleaded with the audience: "Please sit down! Please sit down!"

Portions of the audience, estimated by police at 1,300, began a chant: "We want Wallace! We want Wallace!"

His speech, claiming the state party convention, was the closing event on his first day of a whirlwind campaign tour of the south.

Shortly before Wallace reached the army in downtown Durham, a group of 20 men, identified by police as mostly war veterans, marched through the hall displaying derogatory signs. Some read: "Wallace—the Hitler of Today" and "Send Wallace back to Russia."

MONEY PROPOSALS

Asserting in his opening speech that the south wants to own its industries and farms, Wallace added: "I propose that the federal government advance a billion dollars a year for four years to aid southern industry and agriculture."

The former vice-president expressed the belief that the people of the south "will get more benefit from a billion dollars advanced in this manner than the people of Europe are getting from ten billion dollars of political handouts under the wasteful foreign programs of the bipartisans."

WILLIAM TELL GAME FATAL TO BOY, 14

MONTREAL, Aug. 30.—(CP)—Provincial police said last night that Alexandre Ayotte, 51, tried to play William Tell by shooting a hat off the head of his 14-year-old son Guy but instead fired a fatal bullet through his forehead.

Ayotte was held as a material witness after the shooting Saturday outside his one-room shack in suburban Ville LaSalle.

Police said that Ayotte, father of 12 children, was sitting outside the house with his wife when Guy handed him a rifle and asked him to shoot a hat off his head.

The father agreed. The boy covered his head with his raincoat, balanced a board on top of his head and placed a fedora on the board.

Then, as Guy's mother watched, the father took aim from his chair six feet away and fired. The boy fell to the ground and died shortly afterward.

Object of the experiment was to perfect a diving suit in which rescuers can work comfortably at about the depth a submarine reaches in a crash dive.

City Workers Help Harvest U.K. Crop

LONDON, Aug. 30.—(CP)—Thousands of office workers, clerks, typists, accountants and civil servants, joined farmers and farm hands this weekend in Britain's battle for the crops.

Laughing and joking, the city slickers took off their coats and toiled in the hot sunshine, never relaxing at their watches. Time for them was measured by the wheezing sun and when darkness fell, the bulk of the harvest in many areas had been gathered.

From surrounding villages came postmen, railway and post office workers, seafarers, the squires' guests and thirty customers from the taverns—all helping to retrieve the rain-hattered crops.

In Lincolnshire, church congregations dwindled to six and the pots were practically empty.

BILL NESS ... Goalie injured

CALGARY, Aug. 30. — (CP) — Edmonton Legion, coasting on the strength of a four-goal lead built up in the first game last week, breezed to the Alberta soccer championship Saturday night while dropping a 3-1 decision to Calgary Calles.

The visitors took the two-game total-goals series 6-4 on the strength of a 5-1 victory in Edmonton last Saturday. The 31 kicking was the first Legion setback in Alberta play, including league games, in three years and the club has held the trophy continuously since 1935, with the exception of one year. Previous to 1943 the club was known as the Calles.

Manager Martin Collingwood thought the referee favored the Calgary club.

Three goals for Calles in the first half put them within one of tying the series. But Legion retted their lone counter late in the second half and held the winners scoreless the rest of the way.

Legion goalie, Bill (Scotty) Ness, suffered a torn ligament in his right knee in the first half and was carried from the field. Ross took over the goalkeeping duties. The game was five minutes gone, breathing the ball into the net. He kept strongly on the next goal to tie. Legions broke away on the wing. The latter's good cross pass was turned by Murphy who beat Ness.

Last year's champion several near goals were the result of the half with a perfect drive that gave Ross, just in for Ness, no chance.

BOBBY GRAHAM ... Charmed too

Denny Smith is the first of Edmonton's hockey players to leave the migrating club to National Hockey League training camps. The young right winger, who played the 1946-47 season with Wetsakwini Canadians, left Sunday for the Toronto Maple Leaf training headquarters at St. Catharines.

It is understood that Len Hisey is also slated to attend the St. Catharines camp.

Smith handles second base chores for Canadians on the local junior baseball circuit this summer season. He will be replaced for the remainder of the finals with CNR by Edm. Nor.

Junior Hiltops Smear Nervous Leafs 24-11

Fast end runs and slick screening plays enabled Saskatoon Hiltops to pile up Edmonton Maple Leafs 24-11 in an exhibition junior football game in the Saskatchewan city Saturday night.

However, the Leafs were not close to the Maple Leaf board of strategy, including Captain Jack Reid, indicated Sunday that nervousness and "fumblyness" actually beat the Leafs.

These were particularly noticeable in the first half when the heavier Hiltop team ploughed the Leaf line for a 12-0 lead.

FAST RUNNING ATTACK
Saskatoon, western semi-finalists in 1947 and raised second in the playoffs in the previous year, this fall, employed a fast running attack of the "formation" to smash through the Maple Leafs defenses.

And when Hiltop quarterback Frank Stomblay decided to let screen plays be so effective that even some of his teammates were left wondering who had the ball.

Seventeen-year-old Joe Johnson overtook through for Edmonton's two touchdowns, one of them converted by Edm. Nor.

Between them, Johnson and Ross caused Hiltops trouble in the second half. Johnson and Tommy Mayson particularly effective in the Edmonton back.

EDMONTON GIANT
The giant Edmonton second 200-pound Steve Paproski, who is to be a ball player and show man, but the Leafs will lose him.

Paproski has been a star at Seagriff, has lined up Paproski with University of North Dakota.

Paproski left Saturday night to join the Sioux. U. of N.D. is a right school and Jerry, now coaching the Maple Leafs, is one of the lookouts for prospects for his Alma Mater.

Track Mark Falls To Green McLeod

Curly-haired Doreen McLeod, 17, cuts quite a dashing figure as an amateur speed skater. And Saturday at Clarke Stadium in the intercollegiate track and field meet, the versatile young lady proved what everybody already knew: she is Alberta's outstanding junior women's track star.

Besides winning three events and placing second on one more, she smashed a provincial record for girls under 17. When she skated the 100-yard race, she surpassed the former mark by almost 11 feet.

After her mighty heat she said, somewhat apologetically: "I'd have been relaxed I might have given five more feet to the distance."

Doreen's other accomplishments were placing second in the 100-yard and second to behind Jean Hildell in the high jump.

RECORDS SHATTERED
Before the top school athletes could begin their assault on the records, one was in the 400-yard sprint for boys under 17. There, Alvin Bryant, Edmonton, lapped 1.5-second off the old 53.35 mark.

The other crupped up in the boys-under-19 division. There, Alvin Bryant, Edmonton, first the 100-yard race, he won by 1.5 inches, compared to the former record of 100.75 inches.

Bryant and Martin both had a field day in the annual intercollegiate. Alvin, who also plays baseball, added 100 and 200 yards to his tally in the 100-yard race in a rubaru with umpire Bill Lispet over a close foul ball call.

Martin was a four-year player. Besides the discus, he finished first in the high jump, the 100-yard race and 12-lb. shot events.

HEAD-SPANNING
The biggest disappointment of the afternoon was Ivan Hildell in the 100-yard dash. The flame-haired sprinter had been touted as a 10-second man, had, in fact, done just that at Calgary three weeks ago.

But when he hit the tape Don Vetter's old time of 10.55 seconds remained in the record book. Hildell's time: 10.45.

Other winners Saturday included Don Montford, Harold Walters, Fin Finkens, Annie Shirovsky and Jean Hildell, all of Edmonton.

Red Ribbons also were pinned on Johnny Lantz, Veronique, Lyle Garbe, Calgary; Andrew Fern, San Francisco; Gordon Dickson, Clearwater and Robert Reid, Vernon.

Three exhibition boxing matches were an added feature to the 1948 show. Neil Neville of McCall's, Buddy McDonald, Ken St. Peter, Hugh McDonald and Gord Riddell entered the ring.

C. W. (Red) McLeod and Jack Kelly.

HUSKIES HAVE ROUGH TIME AT KINGSWAY
Yellowknife Huskies fought the slodding pretty rough at Kingsway Park over the weekend.

The harrowing fastballs, which munched across the fence of the Kingsway Park, were hit with Edm. Nor's best, took it on the chin 7-4 from Legionnaires Saturday night.

The Huskies took a stunning 10-1 at the Huskie Jay Sunday afternoon.

The five-run burst for Precision in the fifth inning sewed up the Sunday game. Pitcher Frank Barker walked three men in the 5th, giving him a 10-1 lead.

Corbett Hoss was the big slacker in the first inning, hitting a single to give "meat" to the attack.

Vancouver Fastballers Here Tonight

Vancouver Narrows, senior men's football champions of British Columbia, will arrive in Edmonton tonight for their last western series with Legionnaires.

First game of the best-of-three series is on deck at Kingsway Tuesday at 8:30 p.m. Second and third games in the round are scheduled for Wednesday and Thursday.

Winner of this round will advance to Saskatchewan for further play in the western finals.

In 1948 the Narrows, who are called Glendora these days, played Legionnaires on their way to a western title. They are led by pitchers Sam Reddy and Al Broverman, both of whom played here two years ago.

Bill Wood is Legionnaires' mound star on the evening of first game. The Narrows have won 16 straight games for Legionnaires this season.

Martin, McLeod In Bowling Win
John Martin's Royal Club rink walked off with top honors in the City of Edmonton Lawn Bowling Association's doubles competition played Saturday on the Patricia and Grosvenor greens.

An entry of 26 rinks participated.

The Martin rink posted a perfect score of 19 points in a winning performance. Martin's partner was J. J. McLeod.

Other winners were S. Shields, Garmann (1), H. G. Robertson, Garmann, H. Shaw, Edmonton; Cameron, Patricia and T. Wigston, Patricia. It was a highly successful outing.

Back for an 8-7 win in the second.
The Hawks took a great comeback to draw even by overcoming a seven-run deficit built up in the early innings.

Exhale supporters still are shaking their heads over this one. While the Morrimen were on their way to making it two straight wins, it appeared that the Hawks would finish in possibly four and not more than five games. Then the Hawks were allowed to knock off the book with many observers inclined to question manager Morris' action in allowing Clark to replace the Hawks.

Box office will open at Hendrix tonight at 7:30 o'clock. There will be no sale of tickets away from the park. Lefty Lupton, Calgary, and Johnny Lupton, Edmonton, who beat the umpires in the third out.

Labor Board Will Study Ship Dispute

Early Re-opening of Case Is Forecast in Ottawa

OTTAWA, Aug. 30.—(CP)—Early re-opening of the lake shipping dispute before the federal government's new Labor Board was forecast in official quarters today.

Powers of the new body in directing management to undertake collective bargaining extend beyond that of the old Maritime Labor Relations Board, and it appeared there would be invoked on behalf of the Canadian Seamen's Union (TLC) in the first major action before the board.

IN POWER WEDNESDAY

The body—the Canada Labor Relations Board—comes into power Wednesday with the proclamation of the federal labor code.

According to officials here, the board has plenty of power to re-open the case of the CSU versus four lake shipping companies who have refused to deal with that union on the claim that its leadership is Communist-dominated.

It was indicated the first move likely would be made by the union.

This, it was stated, could be done under a section of the code declaring that after 20 days' notice by either a company or its certified union, the other party must open collective bargaining.

SIMPLIFIES TASK

If one party persists in refusal to bargain, the board may declare it is violating the code.

Such a declaration from the board, an official said, would simplify the task of the ordinary court which enforces the code in determining guilt or innocence and imposing penalties.

The CSU took the companies to court for alleged violation of the old labor regulations at one stage of their dispute but later dropped that action.

Under the new legislation, labor officials say, there is a better chance for a clear-cut verdict by the courts, one way or the other, without prolonged litigation.

NIPPLE CLUE TO ABANDONED TOT'S PARENTS

WINNIPEG, Aug. 30.—(CP)—Winnipeg city police are on the lookout for a nipple-clue clue in their efforts to trace the parents of an abandoned baby.

The nipple, police say, is of an unusual type, not sold in the city. The baby, a three-week-old girl, was found early Saturday inside the entrance to St. Joseph's hospital here, fully clothed and wrapped in a blanket.

The baby is being cared for by hospital authorities. Blue-eyed and with dark hair, the infant appears to be normal and healthy.

A graduated feeding bottle, about three-quarters full of milk, was found at the child's side. It is the nipple from the bottle on which hinge police hopes of locating the child's parents.

ALBERTA DRILL RIG MAY STRIKE OIL

A Leduc rotary-drilling rig, taken to the Canadian National Exhibition in Toronto by Imperial Oil Limited, has drilled 600 feet through sandy and black shales on the exhibition site.

While authorities are not optimistic, they admit the possibility that the rig might strike oil or gas, or both, in the Trenton limestone, into which the drill will penetrate at a depth of about 1,200 feet.

The rig is one which drilled fourteen wells in the Leduc field, one of which is now a producer.

Fluffy Wool Thick Is Today's Subject

Here's another in the series of "keep-busy" ideas for kiddies playing at home because of the polo ban.

Stories is written by Miss Sydney Fleet, representative of handicrafts for the city Recreation Committee, and is presented by The Bulletin to make life at home just a little more interesting for the youngsters.

Today, Miss Fleet tells of how to make a woolen chick.

To make the chick, you must borrow some scraps of wool (any color will do) from Mother's knitting basket, a piece of pipe or stove pipe from Dad's workshop, and a small piece of string from the laundry box.

SCISSOR TOO

While you're looking for all things, find a pair of scissors. First, fix the cardboard. Cut it into a rectangle two inches long and one and one-quarter inches wide.

Cut an oval-shaped hole in the center of the rectangle of cardboard, the top which is the head of the chick. This piece of cardboard is called the loom.

Wind some yarn around the loom about 60 times, and wind it lengthwise, that is, from end to end of the cardboard. Cut the end of the yarn off, and use a piece of it to tie all of the strands on the loom together with a firm, tight knot.

FLUFF WOOL

With your scissors, cut the yarn at the end of the loom. Then fluff the bundle of wool into a fluffy ball. This is the body of the chick.

To make the head, you must make another ball, just the same as the first one, just a little smaller. This time wind the wool yarn around the width of the loom, instead of lengthwise. Wrap the yarn around the loom from side to side about 50 times.

Now tie the yarn strands together through the hole, just like you did the first time. This is the head of the chick with the long ends left to hang from the head.

Tie them in the center of the body, and tie tightly. Don't worry about how it is tied because this little chick is a fluffy one now.

Now with the scissors, cut all the ends of the wool. This is the head of the chick. It is made of two separate balls of wool.

NOW THE FEET

But the chick hasn't got any feet! Bend the picture wire from Dad's workshop around the middle of the stick so that you have two feet. Stick a small piece of cardboard, and your chick will stand up.

Now we must make a bill for the chick to eat with. Cut a bill out of a piece of red paper, and stick it into the chick's head. Eyes can be made by melting a bit of wax on the head, and sticking in two small pieces of wire.

And the chick is all finished. In case you're getting tired of all the handicrafts and want to do some reading, go to the Public Library and borrow the book "Katie No Pucker" written by Rev. F. V. D. and has lots of interesting stories.

Arabs Okay Neutral Zone

JERUSALEM, Aug. 30.—(BUP)—All Arab states have agreed to establish a neutral zone in Jerusalem, a British official spokesman in Cairo reported today, but there were conflicting reports about the details.

Disputes from Tel Aviv quoted an Israeli spokesman that his government had taken no agreement on establishment of a neutral zone. But the UN spokesman in Cairo reiterated an earlier statement that the Jews had agreed to the UN plan.

The reports from Cairo quoted the chief of staff to United Nations Commissioner for Palestine that the Arab states had agreed to the plan, effective at 10 a.m. Edmondson time today. But the UN spokesman in Jerusalem, in denying it, said the dispute had taken a turn for the worse yesterday when UN arbitrators examining the Hill of Evil controversy had failed to reach a decision.

Gen. Agia Lushan, British High Commissioner for Palestine, said today that the new zone would surround the already demilitarized area which centers on an agricultural school that includes a Red Cross enclosure. Fighting has been underway there for an hour since the UN truce became effective.

Eastern Heat Wave Broken

TORONTO, Aug. 30.—(CP)—Temperatures recorded in Central Canada today after cool air from the north put an end to the week-long heat wave.

Forecasters said today's maximum in most parts of southern Ontario and Quebec would be 10 to 15 degrees cooler than Saturday's. The thermometer at Hamilton, Ont., that would top today's low in the 80s.

Breakfast afternoon temperatures were said the weather men promised for today, a forecast well received by the millions of Canadians who sweated for seven breathless days under the thermometer nudges of the 100-degree mark.

In Toronto the temperature hit 100 degrees Saturday, setting a record for August 28. On Sunday afternoon the record was broken when the mercury edged to 91 degrees, the August 29 high of 87 set in 1940.

Cool air from Canada fanned over parts of the United States here last week of the August heat wave. Many parts of the hot zone—extending from the Rockies to the eastern seaboard—will not get lower temperatures, the forecasters said today.

The mass of clouds that gathered across the northeastern half of the United States yesterday, the mercury dropped in parts of Wisconsin, Minnesota and Michigan. Rain fell in Michigan, and a squall, bringing further relief.

Bitumens Test Again Delayed By Sands

Shifting sandbars of the Athabasca river have plagued the water intake for the provincial government's test of bitumens, it was learned today.

Government officials had hoped first test runs, to determine commercial feasibility of extracting petroleum from the sands of the area, would be made before the end of August.

Department of public works dredges were moved to the site of the bitumens test on Sunday.

George Egan, chairman of the provincial marketing board, in charge of the test, said he did not estimate how long it would be before the test run could be made.

Farm Group Will Meet Government

A committee representing three Alberta farm organizations was appointed Friday to discuss freight rates with Premier Ernest Manning.

Decisions were made at a contact meeting between executives of the United Farmers of Alberta, the Alberta Farmers' Union in the Coronas Hotel.

A distal constitution, which will be sent to the localities of the two bodies, was prepared for the amalgamation of the two bodies.

Statement by APU secretary Robert J. Houttill said further that committees were set up to facilitate convention arrangements.

Alberta Federation of Agriculture, also represented at the meeting, will have James G. Gardiner on behalf of the three organizations, asking for Dominion wheat acreage for farm products, Houttill said.

Another meeting of the joint committee will be held after harvest.

Argentina to Alaska on Bikes Is Record of Young Brothers

In Edmonton over the weekend were two young Argentines who claim to have established a new world's record for long distance bicycling.

They are 27-year-old Pedro Becas and his 31-year-old brother Carlos, who left their home in Buenos Aires, Argentina, on June 5, 1910, on bicycles to pump their way to Fairbanks, Alaska.

Over two years later—July, 1914—they reached their destination with 27,000 bicycle miles behind them.

THROUGH JUNGLE

Equipped with only two knapsacks, two machines and one rifle, the youthful South American brothers crossed the Andes several times, were delayed by a revolution in Bolivia and backed their way through Central American jungles where they were in constant danger from crocodiles and hostile Indians.

But as their extensive photographic record of the trip testifies, not all sections of the trip proved to be so arduous.

In Hollywood, where they stopped off for several days, they were received quite lavishly by many movie people, Hollywood was not alone in its hospitality to the pair. They were warmly welcomed in all American and Canadian towns.

However, they reserve their highest praise for Fairbanks, where they stayed for over a month, and were constantly fed.

While resting there, they decided to buy a jeep for the return journey, feeling that since they had already crossed the long distance money record, there was no need to pedal another 1,000 miles.

JERUSALEM, Aug. 30.—(BUP)—All Arab states have agreed to establish a neutral zone in Jerusalem, a British official spokesman in Cairo reported today, but there were conflicting reports about the details.

Disputes from Tel Aviv quoted an Israeli spokesman that his government had taken no agreement on establishment of a neutral zone. But the UN spokesman in Cairo reiterated an earlier statement that the Jews had agreed to the UN plan.

The reports from Cairo quoted the chief of staff to United Nations Commissioner for Palestine that the Arab states had agreed to the plan, effective at 10 a.m. Edmondson time today. But the UN spokesman in Jerusalem, in denying it, said the dispute had taken a turn for the worse yesterday when UN arbitrators examining the Hill of Evil controversy had failed to reach a decision.

Gen. Agia Lushan, British High Commissioner for Palestine, said today that the new zone would surround the already demilitarized area which centers on an agricultural school that includes a Red Cross enclosure. Fighting has been underway there for an hour since the UN truce became effective.

Starching For Family Cottons

From a manufacturer comes advice on starching the family's cottons. Remember to dissolve starch (2) in cold or lukewarm water—never hot.

Then, when you're cooling the starch mixture, be sure and keep it covered to avoid a film forming on top.

Cold starch is simpler to make. It's satisfactory to use on sheer materials or for small pieces like collar and cuff sets. Cold water starch will penetrate these fabrics satisfactorily.

But the best starch saws for the women who hate to bother with mixing the starch is to use a starch in a new liquid laundry detergent.

It requires no mixing, cooking or boiling and the bluing already is included. All you do is add a combine the liquid starch with water.

One quart adds to three quarts of water will give you starch suitable for the average cottons.

Table Lamps Need Care

And here's some advice on caring for your new table lamp. First, remove the cellophane cover on the shade. Changes in temperature may cause the cellophane to shrink and warp the shade.

You can replace the cellophane with a tissue covering if you want to protect the shade.

When it comes to cleaning a fabric lamp shade, the wisest move is to depend on a reliable dry cleaner. Hanging it at home is a tricky and often unsatisfactory process. But you may be successful at removing a stained spot by spraying with a cleaning fluid.

If the lamp has a metal base, protect it by waxing it carefully when it's new, and then avoid using metal polish. While aluminum bases that have yellowed can be bleached with a solution of oxalic acid—an ounce of the acid to a quart of water.

Apply the solution with a brush or a cloth after you have washed the base in mild soap with water. Leave the acid solution on for a minute or two and wipe off with a clean cloth.

You can repeat the process if the first application doesn't do the trick.

BRIDGE

Sacrifices Trick To Stop This Contract

By William E. McKenney
League took its annual Adjournment Tournament back to the Adlon Hotel in Atlantic City, N.J. this year.

Handling a bridge tournament is quite a problem to a hotel manager who has never had one. The players are off schedule and the players are off late at night. However, Edward Noulis, manager of the Adlon Hotel, is well known to bridge players who have attended tournaments held at the Inn and at the Hollywood Beach Hotel at Hollywood, Fla. I understand that Mr. Noulis outdid himself in service this year.

Man Charged With Calgary Slaying

Stanley McLaren Remanded
To Sept. 7 in Toronto Court

TORONTO, Aug. 30.—(CP)—Blonde, six-foot Stanley McLaren today was remanded to Sept. 7 on a charge of murdering a Calgary Chinese storekeeper during a \$13 rob-

bery in September, 1948. No bail was set for the 35-year-old former western Canada amateur boxer. Police arrested McLaren here after a street-corner brawl Saturday night during which he was said to have struck his wife. Detective later learned from Calgary police that McLaren was wanted for the slaying of Lem Wong Wing and a murder charge was laid. Police said Lem's trail alone to Calgary was entered by a lone bandit the night of Sept. 24, 1948. The bandit bought some peacock, wait ed until the customers left the store and then drew a revolver and ordered Wong to open his cash register. The Chinese screamed and the bandit hit him over the head. Another storekeeper drove off the bandit. Lem died of injuries the next day. Police said McLaren lived in Calgary before the slaying and then went to Vancouver. He came to Toronto a month ago from north- ern Ontario.

Well Fumes Kill Driller

TISDALE, Sask., Aug. 30.—A driller his died from well fumes which set off a heart ailment in serious condition. The driller, George Sorbo, drilled a well to 40 feet in this north- eastern Saskatchewan town and set a charge of dynamite to help clear sludge. He was working on Saturday and was overcome by fumes. Cpl. Arthur Argent of the RCMP was lowered into the well but the driller died and he became un- conscious. Town Constable Morris broadfoot of Tisdale suggested oxygen tanks be lowered into the hole. This was done and Cpl Argent regained consciousness in about 20 minutes and managed to attach the broken rope to his body. He was hoisted up and taken to hos- pital. Another RCMP officer was lowered into the hole and brought up Sorbo, who was pronounced dead.

Cripps Reported Coming To Canada

LONDON, Aug. 30.—(CP)—The Sunday Express said in its political column yesterday that Sir Stafford Cripps, the minister of the treasury, has made "a definite decision" to visit Canada and will leave for Ottawa "about the 16th of next month." The paper says the purpose of the visit would be dis- cussions regarding Canadian in- dian trade and the untiring of \$250,000,000 (\$24,000,000) which re- mains of the Canadian loan.

Trade officials in Ottawa have been anticipating a visit from Sir Stafford for some time. There has been no official indication of what he will discuss, but the loan has frequently been mentioned in spec- ulation. A government source said some time ago a decision about its future might be made this fall. It was frozen early in Canada's dollar crisis.

'Plane Wing' Just Sheet Of Metal

OMAK, Wash., Aug. 30.—(CP)—An "airplane wing" found by a fisherman in the rugged Cascade mountains, near the Canadian border, was only a bent section of sheet metal from a mine, a dog- tired deputy sheriff reported Sat- ursday.

Canadian and American air re- source units who halted the tangled wreckage 40 miles west of Winthrop, Wash., to check on the report headed back to McLeod field, Wash., and to Vancouver, B.C. The Canadians were seeking traces of an RCMP photo recon- naissance plane which disappeared last Oct. 18 with nine aboard on a flight from Calgary to Penikese, B.C.

1948-VERSION SHERLOCK HUNTS MISSING WILL

LONDON, Aug. 30.—(AP)—A 1948 version Sherlock Holmes combated London yesterday for an elusive housekeeper and a Louis XIV settee in the case of a missing \$120,000,000 will. The will is that of Mrs. Daisy Alexander, daughter of sewing machine maker, Isaac Singer. She died at 80 in 1948. The Sherlock is Ronald Cohan, her solicitor. He found one will after her death, but it was 60 years old and account- ed for only one-sixth of her fortune. Now he's looking for another will he drew up two years before her death. Cohan believes the will is hidden in a piece of furniture—maybe the gilt, yellow-uphol- stered Louis XIV settee. And he thinks Mrs. Alexander's housekeeper, Mrs. Alice E. Sage, may know for sure. The solicitor has been searching furniture salesrooms for the settee. Yesterday he dug up a clue to the whereabouts of Mrs. Sage. Grocers in the Maids Vale neighborhood—not far from Sherlock's Baker street—told Cohan Mrs. Sage lived nearby but has since moved on vacation.

Reinstatement Of Union Asked

VANCOUVER, Aug. 30.—(CP)—Immediate reinstatement into the Canadian Congress of Labor and the suspended International Union of Mine, Mill and Smelter Workers (IUMM) and its officers was requested Saturday by the British Columbia Federation of Labor. The C.C.L., expelled the miners union last Tuesday because of an article published in the union's paper attacking A. H. Mather, president of the Canadian Brother-

hood of Railway Employees and of the C.C.L. It also named for two-year per- sonal expulsion the union's British Columbia regional director, Har- vey Murphy, for "making slander- ous remarks concerning C.C.L. of- ficials." Murphy is also vice-pres- ident of the B.C. Federation of Labor. Federation President Harold Pritchett made the reinstatement announcement following an execu- tive council meeting. Mather observes a month of fast- ing each year, during which they do not eat drink or smoke between sunrise and sunset.

Open Delivery List Is Issued

WINNIPEG, Aug. 30.—(CP)—The Canadian Wheat Board today listed 300 western points with an open de- livery quota on wheat, oats and barley. The delivery points listed in- cluded the 314 in Manitoba, 405 of Saskatchewan and 71 of Alberta. Winnipeg officials said that since all Manitoba points are on an open

delivery quota basis deliveries must be made to any delivery point in the province, irrespective of the delivery point named in the pro- ducer's permit book, providing that all deliveries are entered in the proper permit book. However, since quotas are in effect in many delivery points, the grain must be taken to the point designated in the permit book unless- writing permission to deliver else- where has been received. Delivery quotas where important are 10 bushels to the seeded acre- board officials said.
